Department of Education ASTUMBO ELEMENTARY SCHOOL HOME LANGUAGE SURVEY (HLS)

Based on federal laws and court rulings on national origin and civil rights, the Guam Education Board (Policy #312) requires GDOE schools to determine the primary language spoken by each student as well as other language background. This information is essential in order for schools to assess language proficiency in English, provide appropriate instruction, monitor academic progress, and measure student achievement.

Parent/Guardian: Your responsibility in helping us meet this important requirement is kindly requested. Please answer each of the following questions upon registration/enrollment of your child. Thank you for your cooperation.

NA	AME OF STUDENT:LAST	FIR	P.T.	MIDDLE
				MIDDLE
Date of Birth:		Age:	Grade Level:
