SUMMER SCHOOL TIMES

AWARDS CEREMONY AND EXHIBIT

With the ending of our summer school program, we would like to invite all our parents to come to our awards ceremony to recognize our students' hard work and efforts over the past two months. The ceremony is scheduled for:

DATE: Tuesday, July 28, 2015

TIME: 8:30 AM

PLACE: AsTumbo Elementary Cafeteria

A student work exhibit will also be on display to see all the learning that has been happening in the classrooms.

PESTS AND PLANTS

We were very lucky to have Mrs. Phoebe Wall and the Rhino Team from the University of Guam give an informative presentation on the effects of the rhino beetle on our coconut trees here on Guam. Students learned not only the life cycle of this pest and when it is best to catch them, they give tips on how to catch them and who to contact in the event they find one or more beetles or larva. Students were able to hold the beetles, identify male and female, and even received rhino beetle decal. For information on what to do if you find a rhino beetle, please contact: Guam Plant Inspection Facility (PIF)

at 475-1427

(left) 3rd grade students take a closer look at the handout to help them answer questions. (above) 4th grade is asked to examine the beetles and identify which is male and female.

REMINDERS...

- July 20 to July 24—ASSESSMENT WEEK
- Tuesday July 21—Liberation Day,
 NO SCHOOL
- Wednesday, July 22—Classes Resume
- Tuesday, July 28—Last Day of Summer School and Awards Ceremony and Exhibit (8:30 AM)

2nd Grade look on as one of the Rhino Team explains the life cycle.

Kindergarten takes a closer look at the live specimens and compare them to the pictures in the handout.
