

Summer School Times

Summer School 2016 Ending Ceremony and Student Showcase

We would like to cordially invite you to attend the 2016 Summer School Awards Ceremony and Showcase on **Tuesday, July 12 2016 at 8:30 AM in the school cafeteria.** Students will be receiving their end of the program certificates and will be showcasing their work throughout their time in summer school. We look forward to seeing you there.

Students raise their hands to answer questions about what "4H" stands for.

Ms. Heramil and Mrs. Wusstig work with their students on the folding art from 4H.

UPCOMING DATES

- July 12—Awards Ceremony and Student Showcase; **Last day of summer school classes**

Teachers and volunteers assist students with coming up with ways they can save water, save electricity, and even save trees.

(above) Students discuss with Ms. Glenda about what they can do to protect their community, their island, and the earth. (below) Students write how they can make the world a better place.

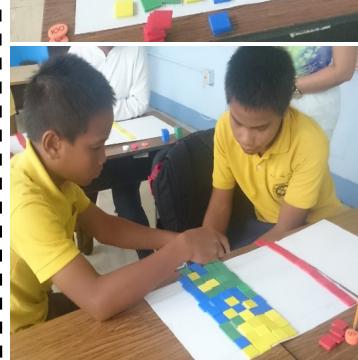

(left) Students playing 'Red Rover'. (right) Mrs. Muth's class using chain links, cereal, and paint as one of the many activities to learn. (below) Mrs. Wusstig's class test their structures in the classic "egg-drop challenge".

Ms. Heramil's class conducted a balloon engineering challenge, worked on a geometric art piece, and created art on the sidewalk.

Mrs. Felipe's class work on different activities in different stations to access the different learning styles.

Mrs. Tibudan's class works on division problems using manipulatives , charts, and the Promethean Board.

Mrs. Pestanas' class traveled around the world while conducting an engineering challenge with balloons.
